The whole idea of Prep Transition is for us to make the move from Kindergarten to School a smooth and easy one. We put in many, many hours preparing the child for school. If you have any questions, do not hesitate to give me a ring and make an appointment for a tour. Pin this letter to your fridge or notice board for future reference. Once again thank you for taking the time to read this information.

You are about to make another important decision as to which Primary School you want your child to attend?

1 Visit your closest Primary School and then at least 2 other schools.
